

FlashBack-2C Pod

FlashBack-2C Pod with Ovation's i-Conex miniature inter-connection and cabling system

- New connection Pod for the FlashBack-2 DVR.
- Camera power supply output at 5,9, or 12 VDC.
- i-Conex inter-connection and cabling system for easy installation.
- Connection upgrade available for all new and existing FlashBack-2s.

The most recent addition to popular FlashBack-2 range of DVRs is a new connection Pod fitted with Ovation's i-Conex inter-connection system.

i-Conex makes installation and wiring of the FlashBack-2 DVR far easier. Each FlashBack-2C Pod is supplied with a set of interface cables to commonly used video, audio and DC power connectors. To aid deployment, it's a simple operation to extend any cable with the in-line 0.5 and 1 metre extension cables included with each system.

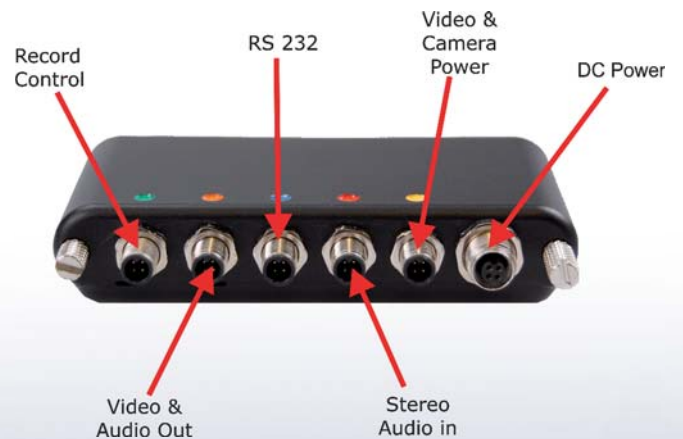

The Pod also features a camera power supply which can be set to 5, 9 or 12 volts by internal DIP switches.

The FlashBack-2C Pod upgrade is available for all new and existing FlashBack-2s.

Miniature Inter-Connection System

FlashBack-2C Pod is fitted with Ovation's i-Conex miniature inter-connection system for ease of wiring and installation.
